2008 CPA and Firm Renewal Notice

Deadline: 12/31/08

The Board successfully implemented online renewals in 2006 and will continue to offer this convenience in 2008. This is the only reminder that will be sent to advise CPAs whose numbers end in an odd digit and CPA firms that it is time to renew their license. Renewal payment may be done online at the following address: <http://www.tennesseecanytime.org/cirens>. You will be prompted from there regarding the steps to renew your license. In order to receive your license you must have met all requirements and allow time for staff processing of renewal information.

If you would like to receive a paper renewal form, please call (866) 283-6191. When you request your paper renewal, you will need to provide the number that is above your name on the front of this postcard. Please allow 2-3 weeks to process your request for a paper form.
